Re: Reference for Lee Kukard of Innovationz Electrical

I have known Lee since January 2012 when he purchased the electrical contract for PlaceMakers Cranford. He is always contactable and responds to our electrical needs in a prompt and timely manner.

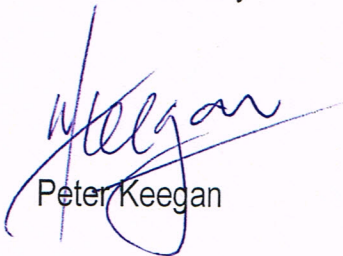

I am aware that a number of staff including myself have engaged Lee in a professional capacity and have been pleased with the results.

The team at PlaceMakers Cranford regard Lee as both friend and a team member. When working on site, Lee always arrives at the stated time, conducts his work in a safe and professional way and always communicates well with the team. Lee is highly safety conscious, complies with site rules and regulations and has never put the business or staff at risk.

In my position as Site Safety Manager, I have dealings with numerous contractors and consider Lee to be one of the best. I have no hesitation in recommending Lee for any position that he may apply for.

If any further information is required regarding Lee, I can be contacted on either 03 375 4955 or 027 523 1272

Yours Sincerely

Peter Keegan
